The Highland Rustic Trails are free and open to the public. Access is separate from the core of the historic site. Tickets are required for entrance to the core of the historic site.

Our rules are for the protection of our visitors and natural resources and to make everyone's visit a safe and enjoyable experience. Trail hiking is fun and generally safe though you are entering an environment where there are some naturally occurring hazards. Reasonable caution and common sense should be utilized when venturing into any outdoor environment. It is your responsibility to exercise caution and ensure your own safety while using the trails.

The Highland Rustic Trails are maintained in large part by volunteers. To get involved, please email info@highland.org.

**Trail Etiquette**

1. Keep to the right. Pass on the left.
2. Announce yourself when approaching another visitor, especially from behind. Horses and slower moving individuals may be startled by faster moving trail users.
3. When in a group, avoid blocking the trails. Allow other users to pass safely.
4. Please be courteous to other trail users.
5. Let nature's sounds prevail. Avoid loud voices and noises.
6. Stay alert. Wear only one earbud while listening to music for both personal safety and awareness.
7. Avoid riding or hiking a muddy trail which can cause unnecessary widening and erosion.
8. Practice responsible recreation: every time you go hiking you can make a difference, just pick up one piece of litter and pack it out with you.

**General Precautions**

1. Lock your vehicle and store valuables out of sight or take them with you on the trails.
2. Never leave pets inside parked cars.
3. Be aware that ticks (and other biting or stinging insects) are active in this area and may carry diseases. Stay on designated trails, and check yourself frequently for ticks.
4. Travel in groups. Two or more people can assist each other in the event of an accident or emergency.
5. Dress for the environment. Dress appropriately for the location, time of year and planned activities.
6. Drinking water is not available on the trail so you should bring your own.
7. Be aware that cellular telephone coverage can be sporadic on the trails.
